

At Mobility Vehicle Sales, our community is our highest priority. Like all businesses, we are closely monitoring the situation surrounding the coronavirus (COVID-19) and wanted to give you the assurance that we are doing all we can to keep everyone safe, as well as play our role preventing the spread.

We have always operated on an appointment basis, as this means we can devote our time to you better, this will continue to remain in place for the safety of all. With the specialised nature of our vehicles, no matter how much explaining of what they can do, trying them out is a must. To that end we will endeavour to sanitise vehicles before viewing or test driving. Please give us an idea as to which vehicle(s) you are interested in, as supplies are very scarce at the moment.

Our supply chain is robust, and we don't expect too many hiccups or delays, and we always maintain a small inventory of spare parts.

We are also more than happy to bring a vehicle to you. We can arrange delivery Australia wide also at very good dealer rates.

If you are interested in a rental vehicle, please let us know with as much notice as possible.

We will continue to follow the advice provided by the Australian Government and the World Health Organisation to ensure we adapt our responses as the situation changes. Please do the same.

Thank you,

Mobility Vehicle Sales
